

What can I do with a degree in... **INTERIOR DESIGN?**

Why study **INTERIOR DESIGN?**

The mission of the Interior Design Program at WCU is to strengthen and broaden the intellectual and cultural horizons of our students by providing a supportive learning environment and encouraging a socially responsive approach to design.

The Interior Design Program at WCU provides students with broad exposure to all aspects of the practice of interior design. The program is grounded in research-based problem-solving in addition to a variety of cultural, environmental, and historical perspectives. The Interior Design program is accredited through the National Association of Schools of Art & Design (NASAD) and the Council of Interior Design Accreditation (CIDA), recognizing the highest academic standards established by the profession.

We prepare students for career opportunities in a field that combines creativity, technology and business in a profession that relies on people skills, problem-solving capabilities, and financial awareness. The B.S. degree in interior design includes specialty courses in residential design, commercial design, and kitchen and bath design. It includes a senior capstone project and an internship experience during the summer between junior and senior year. Additionally, we offer students the exciting opportunity to travel for first-hand exposure to the art and architecture found abroad.

What are the **DEGREE OPTIONS?**

Bachelor of Science (BS) in Interior Design

What is the **ADMISSION PROCESS?**

Any student currently enrolled at Western Carolina University may declare this major. Students interested in the Interior Design major should visit the Advising Center, located in Killian Annex. Please make an appointment with your advisor via your MyWCU student portal.

MORE INFORMATION

INTERNSHIP Information

At Western Carolina University there are numerous internship opportunities for students. In some cases internships are established through a faculty member in the student's major. Oftentimes students find part-time jobs in an area related to their field of study. When this happens, students should discuss with their academic advisor the possibility of receiving college credit. The interior design internship requirement strengthens the ability of graduates to excel in competitive professional opportunities. Generally, three hours of general elective credit can be earned for a minimum of 200 hours of experience.
